Virgin of Guadalupe Chapel Mausoleum

Progress continues on our goal to move from the pre-construction phase to the detailed planning phase of the Virgin of Guadalupe Chapel Mausoleum. We have initiated the steps necessary to begin the construction process. We are only 40 spaces short of our 280 space goal. We hope to reach our target very soon. You can help us reach our goal sooner by encouraging family and friends who have not yet made their final arrangements to participate in pre-construction savings. This is the last opportunity for these savings!

This building offers both traditional and cremation options for Catholic families. The mausoleum will have approximately 680 crypt spaces and 250 niche spaces. Temporary crypt spaces are provided at St. Mary's if a death occurs before the building's completion.

Mausoleum vs. Ground Burial

Did you know that mausoleum entombment can cost less than an ordinary ground burial? When you consider all costs associated with ground burial (a space, vault and memorial), mausoleum is the better choice. Special pre-construction savings and interest free financing are available now. For more information on why mausoleum is the sensible choice today, call the number provided on the reverse side of the newsletter.

[The Catholic Funeral Plan™](#)

The Catholic Funeral Plan™ is the only planning alternative that incorporates your religious preference as a Catholic into your funeral service choices. The plan can be used at any funeral home nationwide and allows you the flexibility to change your plans and funeral provider without financial penalty. You maintain control of your funds and arrangements, and in all cases, funds not used for the funeral are returned to the family. Should you need to go into a nursing home and apply for Medicaid, the funds are fully protected. Enrollment is simple and easy.
